

Your Data  
is Your Business

# Free the Data

Your business does not stop, but you cannot be everywhere...or can you?

With **attimoto** you can monitor your business from wherever you are.  
No need to drive to a location or contact someone, when you can access your business from anywhere.

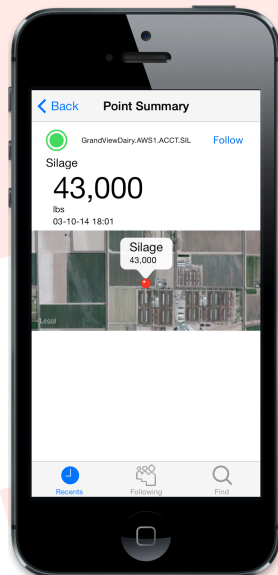

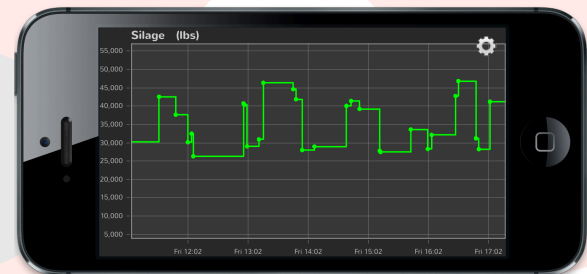

## Be there all of the time

- Real time updates.
- Notification of changing conditions
- Easily find your data and follow it

## Your data tells the story

- Historical values in an instant
- Fast and flexible trending
- Zoom, pan, and touch to view values

## Your data has a place

- See where it happens
- See where it has been
- See where it is going

## Set-up is simple....

1. Install the **attimoto** adapter at your data source
2. Set up your **attimoto** account
3. Be there on your mobile, tablet or desktop

**Unlimited Users:** everyone is on the same page

**Unlimited Devices:** access your information from any device

**Unlimited Information:** **attimoto** can grow with your needs
